Subject: Draft rationale for Forestry "Roads" issue - CZARA
Attachments: Draft%20Rationale%20for%20Forest%20Roads[1].docx

Teresa and Peter,

Chris put together draft language for addressing the Forestry - Roads issue under CZARA. Chris is going to be (**Ex. 6 - Personal Privacy**) next week. We would like to be able to present this issue to the managers next week, giving them a "heads-up" on challenging CZARA issues. Please take a close look at Chris's draft. If you have comments or recommended changes, please edit in review mode and distribute your comments to the group.

Thanks.

Alan
